Normal maintenance to increase the performance of your engine is allowed. Changing or altering standard factory parts of your motor to INCREASE THE HORSEPOWER OVER THE FACTORY HORSEPOWER RATING IS FORBIDDEN, and will result in disqualification. Fishing on Tournament waters is permitted anywhere except as designated by the Director/Tournament Committee. Any water within these boundaries posted "off-limits or no fishing" by state or federal agencies will be OFF-LIMITS. If a tournament official is unavailable the contestants catch can be verified by any competitor participating in the event. In order for a contestants catch to be counted in the tournament the competitors must make a reasonable attempt to contact a tournament official first. If after the emergency situation is resolved by tournament officials and enough time is left to resume fishing, a RESTART will be allowed and the competitors will continue and their catch will be counted. This applies only to dire emergency situations. Trailering of boats during tournament hours is prohibited, except by the direction of the Director/Tournament Officials.

The limit shall be 5 of the above species and varieties per day, unless the prevailing state limit is less than 5, or a special limit is established for a particular tournament by the tournament officials, in which case the state limit or special limit shall be the tournament limit. At no time shall a team have in possession more than the tournament limit. Director/Tournament Officials will conduct checks for violations of this provision, and in the event a team has in their possession more than the stated limit, the team shall cull, starting with the largest bass first, etc., down to the stated limit. The official length for bass shall be decided by the Tournament committee and announced at the tournament briefing. In most cases it will be the LONGEST State limit covering the tournament waters. Bass presented for weigh-in which fail to measure the official length shall accrue penalties at the rate of one pound for each such bass. This penalty shall be deducted from the total score of the competitor. Any bass that appears to have been mangled, mashed, mauled, or otherwise altered will be weighed and credited only at the discretion of tournament officials. After a team checks in at the official checkpoint, the team MUST present all LEGAL fish in their possession to a tournament official to be counted, measured and weighed. Once a team's catch has been measured, counted or verified by a tournament official, that team may not return to his boat until his catch has been weighed and recorded. Bass must not be stringered at any time during the tournament. This restriction includes livewell stringer systems used for culling, which are also prohibited. It has been determined that

stringer decreases the chances of a bass's survival, and bass thus handled may be disqualified. Specially designed bags which increase survival rate will be furnished by the Director/Tournament Committee, and these bags must be used for the weigh-in. Culling clips that penetrate the lip of the bass are prohibited from use during the tournament, anyone caught using these type of clips will be given a one pound penalty.

15. LATE PENALTY: Teams who are not in the official checkpoint area as described in rule 15 at the appointed time shall be penalized at the rate of one pound per minute to be deducted from the total weight of their catch, including any "Lunker Award" for each one minute they are late. Any teams more than 15 minutes late shall lose all credit for that days catch. There shall be no excuse for tardiness and in no case will a team be allowed to make up "lost time". After proper recognition at the check-in point, teams will be allowed ample time to proceed to the weigh-in site; however, all fishing must stop upon check-in. After the tournament begins, fishing the tournament waters is prohibited except during tournament hours. Exact starting and check-in times will be announced at the tournament briefing.

16. TIES: In case of a tie for first or second place, the following tie breakers will be used in order: 1.) The team with the heaviest single day catch during competition; 2.) The team with the second heaviest single day catch during the competition; 3.) The team with the largest number of legal LIVE fish caught during competition; 4.) The team with the largest number of legal fish during competition. In the unlikely event that teams remain tied after these four tiebreakers are employed; then will be a one hour sudden death fish off between the tied teams to break the tie for either first or second place finish in the tournament.
